The Football Meeting.

A meeting was held in the Royal Hotel Thursday evening of supporters of the football club, when the prospects for the coming season were discussed informally. There not being a very big turnout present owing to weather conditions, on the advice of Mr. Michael, it was deemed advisable to defer organisation work and the election of officers until later. It was decided to hold tri weekly practices on the grounds on Main street, and it is probable the next meeting will be called at the close of one of these practices next week, when a representative crowd is expected to be present.

Heard on Main Street.

Bill wants to know how it would be, now the curling season is over, if the town tried to borrow a few of the are lights which formerly decorated Main street. Ray's auto hint to young folks: "It is dangerous to drive with one hand—more than one fellow has run into a church by doing it."

Rifle Club's Annual Meeting.

The annual meeting of the Rifle Club was held Saturday evening at the Royal Hotel, with President McKinlay in the chair. The secretary's report of the year's business proved very satisfactory, the report showing a balance on hand of about \$180.

Mr. Elliot, the delegate to the provincial convention at Calgary, gave a good report of the proceedings at the meeting there, and stated how anxious the officials of the provincial organisation were to have the local club affiliated.

An extended discussion took place on the subject of bringing the targets for the coming shooting season up to date, and it was decided to copy those now being used at the Edmonton rifle club.

Following are the officers for the year:

Pres.—James Smith.
Secretary—S. C. Elliot.
Committee.—Dr. Walton, Geo. Graden, M. Ducholke, M. McKinlay, W. Robertson.
About 50 names are now on this year's roll, and a drive will be made to bring the number up to 80.

She was first noticed walking the top rail of a neighbor's fence till she got to the spring hedge, on which she debouched; her next venture was nibbling the alpine krauter vines; but it was not till bosay started eating shingles off the shank that the ratepayer had Dolly pinched and impounded—this latter proceeding starting something which gave the cow lawyers a busy two hours.

"CAPTAIN BLOOD," a Vitaphone picture with J. Warren Kerrigan
in the title role, is an adaptation of this thrilling novel.

SYNOPSIS

Captain Peter Blood, buccaneer, rescues Arabella Bishop, with whom he is in love and Lord Wade, an emissary of King James, from two Spanish ships. Lord Wade forces Blood to commission under James, but the buccaneer had been sent as a slave to the Barbados by this same King and he declines. To place Arabella in safety he sails into the teeth of the British fleet commanded by Colonel Bishop, governor of Barbados, whom Blood had once made walk the plank. Blood's crew would fight to the end, but Blood orders the ship to leave to that Arabella may be landed safely.

CHAPTER XVII.—Continued.

"Again you misapprehend me," cried Lord Julian, between concern and indignation. "That is not intended. Your followers will be included in your commission."

"And d'ye think they'll go with me to hunt their brethren—the Brethren of the Coast? D'ye think I could take a commission of King James's? I tell you I wouldn't be selling my hands with it—thief and pirate's hands though they be. Thief and pirate is what you heard Miss Bishop call me today—a thing of scorn, an outcast. And who made me that? Who made me a thief and pirate? D'ye dream, man, what it is to be a slave? But there! I grow hot for nothing at all. I explain myself, I think, and God knows, it is not my custom. I am grateful to you, Lord Julian, for your kindly intentions. I am so. But ye'll understand, perhaps. Ye look as if ye might."

Lord Julian stood a moment, watching the tall figure as it moved away towards the taffrail. Then letting his arms fall helplessly to his sides in dejection, he departed.

CHAPTER VIII.

The Service of King James

Miss Arabella Bishop was aroused very early on the following morning by the broken voice of someone and the insistent clanging of a bell in the ship's belfry. In his cabin Lord Julian was already astir and hurriedly dressing. About him in the waist, where all last night had been so peaceful, there was a friendly active bustle of some

To Film Calgary Stampede

Universal Film Company to Secure Pictures of Big Event

Negotiations have been completed whereby Hoot Gibson and the Universal Film Company and Guy Westcott will come to Calgary this summer to photograph scenes in the Calgary stampede, to be incorporated in the next Hoot Gibson picture release. This will mean the bringing of a large company here and the expenditure of approximately \$100,000.

three-score men. By the rail, immediately above and behind Lord Julian, stood Captain Blood in altercation with a moneyed giant, whose head was swathed in a red cotton kerchief, whose blue shirt hung open at the waist. As his lordship, moving forward, revealed himself, their voices ceased, and Blood turned to greet him.

"Good morning to you," he said, and added: "I've blundered badly, so I have. I should have known better than to come so close to Jamaica by night. But I was in haste to land you. Come up here. I have something to show you."

Wondering, Lord Julian mounted the companion as he was hindered. Standing beside Captain Blood, he

"I'll see Colonel Bishop in hell or ever I lies to for him."

looked astern, following the indication of the Captain's hand, and cried in amazement. There, not more than three miles away, was land—an uneven wall of vivid green that filled the western horizon. And a couple of miles this side of it, bearing after them, came speeding three great white

Wolverstone looked down scornfully upon Lord Julian. "So that you're like to be in yet another sea fight after ye've done w' ships, my lord."

"That's a point ye were just arguing," said Blood. "For I hold that we're in no case to fight against such odds."

"The odds be damned!" Wolverstone thrust out his heavy jaw. "We're used to odds. The odds was heavier at Maracaybo; yet we won out, and took three ships. They was heavier yesterday when we engaged Don Miguel."

"Aye—but these were Spaniards." "And what better are these?—Are ye afraid of a lubberly Barbadoes planter? Whatever ails you, Peter? I've never known you scared afore."

A gas boomed out behind them. "That'll be the signal to lie to," said Blood, in the same listless voice; and he fetched a sigh.

Wolverstone squared himself before his captain.

"I'll see Colonel Bishop in hell or ever I lies to for him."

"Oh, but—by your leave," his lordship intervened, "there's nothing to be apprehended from Colonel Bishop. Considering the service you have rendered to his niece and to me

I assure you that my word counts for something in England."

"Oh, aye—in England. But this ain't England, damme," Wolverstone laughed.

Came the roar of a second gun, and a round shot splashed the water less than half a cable's length astern.

Something New!

SMOKERS always prefer their tobacco in perfect condition; this is assured, when they demand it packed in the famous Vacuum (air-tight) tins.

The following well known brands are now packed in the famous Vacuum (air-tight) tins.

- REPEATER FINE CUT (Pipe or Cigarette Tobacco)

- DIXIE Bright PLUG SMOKING Tobacco
- OLD VIRGINIA Bright PLUG SMOKING Tobacco
- ODGEN'S CUT PLUG Smoking Tobacco
- ODGEN'S FINE CUT (Pipe or Cigarette Tobacco)

Always ask for the Famous Vacuum (Air-Tight) Tin

Blood leaped over the rail to speak to the fair young man immediately below him by the helmsman at the whiststaff.

"Bid them take in sail, Jeremy," he said quietly. "We lie to."

Wolverstone interposed again. "Hold there a moment, Jeremy!" he roared. "Wait!" Captain and loyal follower faced, their glances met, a sudden defiance braving dull anger, surprise and pain.

"There is no question," said Blood, "of surrender for any man aboard save only myself. If Bishop can report to England that I am taken and hanged, he will magnify himself and at the same time gratify his personal rancour against me. I'll send him a message offering to surrender aboard his ship, taking Miss Bishop and Lord Julian with me, but only on condition that the Arabella is allowed to proceed unharmless. It's a bargain that he'll accept, if I know him at all."

"Ye're surely daff even to think of it, Peter!" "Not so daff as you when you talk of fighting that." "Before we've run another half-mile we shall be within range."

Wolverstone swore elaborately, then

How Robert M. Koenig Found Remedy for Pimply Skin

For years my skin would break out every once in a while—and ointments did very little to help me.

I read a doctor's article stating that pimply skin usually comes from the stomach—and bowels not getting rid of the poisons.

I tried Carter's Little Liver Pills for a few days—and since that time my skin is smooth and clear. Now I tell my friends the right way of getting rid of a broken out skin—and also of getting clear of upset stomach and sick headache. Carter's are all you claim for them.

suddenly checked. Out of the tail of his single eye he had espied a trim figure in gray silk that was ascending the companion. So engrossed had they been that they had not seen Miss Bishop come from the door of the passage leading to the cabin. And there was something else that those three men on the poop, and Pitt immediately below them, had failed to observe. Some moments ago Ogile, followed by the main body of his gun-deck crew, had emerged from the booby hatch, to fall into muttered, angrily vehement talk with those who, abandoning the gun-tackles upon which they were laboring, had come to crowd about him.

Even now Blood had no eyes for that. He turned to look at Miss Bishop, marvelling a little, after the manner in which yesterday she had avoided him, that she should now venture upon the quarter-deck. Her presence at this moment, and considering the nature of his altercation with Wolverstone, was embarrassing. Captain Blood bared his head and bowed silently in a greeting which she returned composedly and formally.

"What is happening, Lord Julian?" she enquired.

As if to answer her a third gun spoke from the ships.

"They are ships of the Jamaica fleet," his lordship answered her. Before more could be added, their attention was drawn at last to Ogile, who came bounding up the broad ladder, and to the men lounging aft in his wake. Blood, confronted him.

"What's this? The Captain demanded sharply. "Your station is on the gun-deck. Why have you left it?"

"Captain," Ogile said, and as he spoke he pointed to the pursuing ships. "Colonel Bishop holds us. We're in no case either to run or fight."

"Ogile," said he, in a voice cold and hard as steel. "Your station is on the gun-deck. You'll return to it at once, and take your crew with you, or else

"Thrusts will not serve, Captain."

Captain Blood's hand closed over the butt of one of the pistols slung before him.

Alberta's Sunflower Crop

Development of Product Due to Increase in Dairy Industry

One of Alberta's newest crops, sunflowers for slugs, amounted to 140,000 tons last year, while fodder corn, also comparatively new, amounted to 269,888 tons. The development of these field products is largely due to the expansion of the dairy industry. Alberta's dairy production last year was valued at close to \$23,000,000, and is rapidly increasing. Britain is providing an attractive market for butter, and cheese is finding an increasing demand.

DOCTOR ADVISED AN OPERATION

Read Alberta Woman's Experience with Lydia E. Pinkham's Vegetable Compound

Provost, Alberta.—"Perhaps you will remember sending me one of your books a year ago. I was in a condition and would suffer awful pains at times and could not do anything. The doctor said I could not have children and went under an operation. I read testimonials of Lydia E. Pinkham's Vegetable Compound in the papers and a friend recommended me to take it. After taking three bottles I became much better and now I have a bonny baby girl four months old. I do my housework and help a little with the chores. I recommend the Vegetable Compound to my friends and am willing for you to use this testimonial letter."—Mrs. A. A. Adams, Box 54, Provost, Alberta.

Pains in Left Side

Lachine, Quebec.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my left side and back and with weakness and other troubles women so often have. I was this way about six months. I saw the Vegetable Compound advertised in the 'Montreal Standard,' and I have taken four bottles of it. I was a very sick woman and I feel so much better I would not be without it. I also use Lydia E. Pinkham's Sanative Wash. I recommend the medicines to my friends and I am willing for you to use my letter as a testimonial."—Mrs. M. W. Roan, 580 Notre Dame St., Lachine, Quebec.

PREFERABLE TO KEEP SEPARATE RAILWAY LOANS

Ottawa.—Differing sharply from critics of the budget, Herbert Marier, Liberal, St. Lawrence-St. George, Montreal, held, in the house, that the financial statement presented by Hon. J. A. Robb, acting minister of finance, was "clear to analyse and clear in its effect." He did not agree that railway loans should be included in the total of net consolidated debt. Operation of the National Railways had been "an extremely expensive matter" for the people of the Dominion, but while our railway debt was a debt of the Dominion, Mr. Marier thought it was another matter that it should be included in the consolidated debt.

For one reason, Mr. Marier argued, the question of public ownership was on trial, and if, at any subsequent date, it was terminated, "it would be distinctly preferable to have as large a part as possible of our railway debt kept separate from our other financial dealings." He submitted, however, that the public should be given each year a statement of the combined debt, showing in one part the consolidated debt, with its increases or decreases, and in another part any increase in the railway indebtedness.

Mr. Marier estimated that in the last six years the Dominion had put \$585,648,974 of new money into railways. "Member who are so much in favor of public ownership," he added, "for who desire extensions and costly improvements, will pause for a moment and consider how long we can keep up this pace—or how any one can expect decrease in our taxation if this yearly expenditure is continued." The only way to "reduce taxation was to spend less.

Cape Breton Mine Strike

International Behind Miners In Fight To A Finish

Sydney, N.S.—"We have the full support of the international union, and are more determined than ever to carry the struggle through to a successful conclusion," was the statement made by President J. W. McLeod, of District 26, United Mine Workers of America, in an interview, in which he announced the receipt of formal notice from international President J. L. Lewis to the effect that funds of the international organization had been placed to the credit of the district for immediate use, and that a full meeting of the district executive would be held at Glace Bay to decide on the most efficient method of distributing the strike among the miners of the district.

Alberta Ranchers To Engage In Dairying

Belleville, Ont.—Hundreds of yearling Holstein heifers are being brought up in Hastings County for shipment to Alberta, where ranchers are going into dairying for the first time. One Alberta company, it is said, has five hundred of these yearlings on a farm near Strifling, ready for shipment, and it is stated that five hundred more will be shipped out of the Madoc section. The buyers are in various parts of the country where the black and white predominate. They are going in for milk production, according to a Belleville man interested in the beef and dairy business. Some bulls are also being bought.

Future Peace In Europe

Should Be Based On Goodwill Thinks Sir Esme Howard

Princeton, N.J.—Reasons for Great Britain's rejection of the Geneva protocol for compulsory arbitration of international disputes and hopes held out for future peace in Europe by means of the security pacts proposed by Germany, were outlined by Sir Esme Howard, British ambassador to the United States, in an address before the English-Speaking Union.

"It is impossible to say now," he asserted, "how the security pact discussions will edify, but we can at least all hope that they may lead to a settlement by agreement and to the establishment of a peace, not dependent upon huge and ruinous armaments, but based on goodwill and common sense."

"If that comes about," Sir Esme continued, "the next disarmament conference will not be long in coming. Of that we may be sure. If, on the other hand, this hope also fades away and dies, why, then, I frankly do not see any other alternative than the maintenance of our national security, and what treaty to call it security by force of arms and military alliances, which will make crushing taxation, financial ruin and the inevitable armageddon in the end."

Manitoba Taking No Action

Winning.—No action will be taken by the Manitoba Government in connection with the fruit combine recently investigated by the Dominion authorities, according to a decision reached at a cabinet meeting. The cabinet decided it was solely a Dominion Government affair, as most of the evidence was heard outside this province.

Decrease In Export Of Canadian Wheat

Thirty Per Cent. Lower Than In March, 1924

Ottawa.—Canada's wheat exports in March, 1925, were about 30 per cent. of the exports in March, 1924. Last month 4,422,518 bushels of wheat went out of Canada. In March, 1924, 13,446,100 bushels were reported.

She Now Enjoys Good Health

Quebec Lady Sends Message Of Hope To All Sick Women

Dame E. Ouellet Used Dodd's Kidney Pills For Kidney Trouble, Headaches and Indigestion With Great Success. (Special)—"I must tell you that a treatment of six boxes of Dodd's Kidney Pills have done me a great deal of good," states Dame Ouellet, a well known resident of this place. "I was suffering from kidney trouble, headaches and indigestion. I am now in good health. Kindly publish my testimonial for the benefit of other sick women."

It is noticeable that people who have used Dodd's Kidney Pills are enthusiastic in recommending them to others. That is how Dodd's Kidney Pills have made and maintained their reputation. Pure blood coursing through the body carries in the different organs the nourishment they need to keep them sound and healthy.

Omaha, Neb.—Something approximating "deathless wars" are soon to be the order, in the opinion of Major-General Amos Fries, chief of United States army chemical warfare service. Deny Doukhobors Hurt By Police

Did Not Use Unnecessary Force Says Inspector

Nelson, B.C.—Informed over the long distance telephone that the Doukhobors were demanding a commission of inquiry into the trouble at Grand Forks and were alleging that women and children had been beaten by government officials, Inspector W. R. Dunwoodie, at Grand Forks, made the following statement:

"I was in personal charge of the operation of seizure of all Doukhobor property, and at no time was any more force used than was necessary in executing the distress warrants."

"At the mill a large number of women had gathered and endeavored to block the way. Thirty or forty of these had to be lifted out of the way to permit entry. Men rushed in and tried to help the women block our getting in, and they also had to be removed, and were put in behind the fence. We tried not to hurt anybody and I can say that nobody was hurt."

Request Action On Peace Rail Outlet

Vancouver Board of Trade Asks For Immediate Report

Vancouver.—Insistence that the Federal Government should obtain from railway heads of Canada their report and recommendations on suitable outlet for the Peace River country and that action to relieve the northern agricultural belt from its isolation should be taken at the present session of parliament, was contained in a resolution passed by the Vancouver board of trade.

By re-affirming their stand in favor of linking the Peace River Valley with the Pacific coast, the board of trade unites with the associated boards of trade of the Peace River in calling upon the government for action.

Installing Radio Compass

Inaugurates New Era in Navigation of Great Lakes

Algonia, Mich.—Installation at the Lighthouse tender, Amaranth, here of a radio compass marks what shipping men generally regard as the inauguration of a new era in vessel navigation of the Great Lakes. Similar radio compasses are now to be installed on the more important lightships of the lakes. During times of poor visibility, each station will send out a distinctive radio call for the guidance of vessels.

JUGO-SLAVIA HAS NO DESIGNS ON BULGARIA

Belgrade.—The Jugo-Slav Government has issued a note vehemently protesting against reports regarding Jugo-Slavia which it claims have been disseminated from Bulgarian centres. The note says these reports are to the effect that a terrorist campaign is being carried on in Bulgaria with a view to provoking disorders and civil war, "so as to permit the army of our western neighbor, that is to say, Jugo-Slavia, to pass the frontier and occupy Bulgaria."

The note affirms that Jugo-Slavia always has maintained the best relations with Bulgaria, "notwithstanding raids of brigands from Bulgaria prepared for under the eyes of official Bulgaria."

Three Labor members of the British Parliament who arrived from Sofia, Bulgaria, declared that they were convinced several hundred persons were killed without trial, and on the merest presumption, after the recent bomb explosion in the cathedral at Sofia.

Those who arrived were J. C. Wedgwood, W. Mackinder and P. D. Malone. They were in Sofia at the time of the bomb outbreak and during subsequent events.

"From the quantity of information we gathered," they said, "we are convinced that several hundred persons arrested were killed without trial, and on the merest presumption. "We employed all the influence at our disposal to induce the government to prevent the militarists from massacring men and women apprehended in the course of the recent police operations. Thousands of persons suspected of Communist tendencies or of belonging to the Left Socialists were held in custody."

Egyptian Discloses Plot

Assassination of General Staff Planned Many Political Murders

Cairo, Egypt.—The judicial authorities have published a summary of the confessions of some of the men accused in connection with the assassination last November of the Sirdar of Egypt, General Sir Sirat, Lord.

Abdel Pataam Anany, one of the accused, is quoted as declaring in the course of his statement that, following the failure of the conversations between the Egyptian and British premiers in London on the Sudanese and other questions, he met with Dr. Shafik Monour and Mahmud Ismail, Dr. Shafik's house, when it was decided to commit a series of political murders, with the Sirdar as the first victim.

The declaration says the trio believed the independence of Egypt could only be gained by the political murders. All the persons mentioned in Abdel's confession have been arrested. Mahmud Ismail was an official of the ministry of pious foundations.

Here and There

Canada has a fine record of
musical and artistic students who
work under the auspices of the Royal
College of Music," says Sir Hugh
Allen, director of the London Insti-
tution, who is making a tour of Can-
ada in the interests of the College.

Canada exported 145,592,500
pounds of woodpulp during Febru-
ary, of which 133,891,000 went to
the United States and to Great Brit-
ain, none. Our newspaper exports
had a monetary value, in the same
month of about seven and a half mil-
lion dollars.

Two hundred and sixty thousand
acres of land in central and north-
ern Alberta will be settled by the
British Land Settlement Corporation.
It is announced. They are
located north of Edmonton and from
north of Vermilion to Wabamun,
west of Edmonton.

Approximately 750,000 tourists,
apart from delegates to conventions,
visited Montreal last year by rail-
way, steamer, and automobile, ac-
cording to an estimate compiled by
the Montreal Tourist and Convention
Bureau. It is anticipated that the
influx for the current year will be
even greater.

Geraldine Farrar, famous prima
donna, who gave a recital of Carmen
in Ottawa and Montreal recently,
had a run-in with the U.S. Customs
at the border on her return to the
United States. It was claimed that
champagne and fine wines were
found stowed in the plane of her
sumptuous private car, but the great
singer says it was only near-beer.

England's great military spectacle,
the Aldershot Military Searchlight
and Torchlight Tattoo, which is held
annually in aid of the Aldershot
Command Charities, is being pre-
sented this year from the 16th to the
20th of June and will, as usual, be
contemporaneous with Ascot Week.
The special feature is to be a Pageant
of Battle which will recall some of
the famous engagements of the Brit-
ish Army. Nearly 100,000 patrons
attended last year.

To enable French-Canadian stu-
dents to become acquainted with
Western Canada, the Universite de
Montreal has organized a 28-day trip
to the coast from Montreal next
July. They will pass through Winni-
peg, Regina, Moose Jaw, Calgary,
Edmonton, Banff, Vancouver and
Victoria, with stop-overs at Lake
Louise, Field, Glacier, the Fraser
Canyon and other beauty spots of
the Canadian Rockies.

Student tours, operated by the
Canadian Pacific in conjunction with
McGill University, are to be extended
this summer to include students from
the British Isles. Heretofore, these
tours have been restricted to schol-
ars in other parts of Canada and in
the United States. As Montreal is
regarded as an ideal centre for the
study of the French language, it is
anticipated that the new project will
attract many visitors to the Cana-
dian metropolis.

The body of Dr. Sun Yat Sen,
President of Southern China lay in
state in a wonderful blue-tiled old
Temple near the "Altar of Heaven,"
during the long drawn out ceremon-
ies at Peking attendant upon his
interment. Through the courtesy of
the government the bier was viewed
by a large party of Canadians and
Americans touring the world on the
Canadian Pacific S.S. "Empress of
France." They were also invited to
attend the final burial rites which,
with a wealth of colorful Chinese
ceremony took place later in the
Western hills.

BIRTH OF A NATION!

Stony Plain and District.

Services will be held in St Joseph's church, Spruce Grove, on Sunday, May 3.

There will be a dance at Spruce Grove the evening of Saturday May 2.

Mr John McKinlay of Spruce Grove, who has been in poor health for some time, is being taken to Edmonton this week, for treatment.

The plan to build a new Lutheran Church at Golden Spike is being held in abeyance for the present.

A record crowd was in attendance Friday night at Holborn Hall dance, and all who participated enjoyed themselves thoroughly. Miesners supplied the music. Holborn U. F. W. A. are giving a novelty dance Friday May 8. Prizes will be given, and a good time is assured. Barth's orchestra.

An effort is being made by the ratepayers in the eastern divisions of Spruce Grove Municipality to move the Councillors' meeting place and the secretary's office to the City of Edmonton. Several of the councillors are said to be in favor of the scheme.

The roads in this district are becoming fairly passable at present, in spite of recent showers. The road to the City is having some much-needed repairs made to it.

First Basketball Game.

The first game of basketball was played on Wednesday April 22, by St Matthew Walther League members in town against the St Matthew Walther League members of the country. The game was played at the Stony Plain High School grounds. Teacher Gutz refereed the game, the final score being 14-6 in favor of the country.

Town—Mary Gierz, Carrie Goetz, Amy Forster, Martha Hennig and Margaret Miller.

Country—Anna Eberhardt, Theresia and Marie Schoepf, Lydia Eberhardt and Rosie Ulmer.

Red Cross Classes

The Red Cross class met Thursday evening April 23d in the Town Hall, where Mrs Elliot gave the third lesson of the course.

The lecture was entitled "Care of the Patient" and included the most important phases of the work. Following this Mrs Elliot gave a practical demonstration of a bed bath, with Marie Clarke as patient.

These classes are proving very popular, and there are now over thirty members enrolled.

The next lesson on "Feeding of the Sick" will be given Thursday evening April 30, 1925, at 8 p.m. sharp in the Town Hall.

Calendar.

April 30—Red Cross class, Town Hall.

May 1—Inga Councillors meet in Stony Plain.

2—Dance at Spruce Grove.

2—Moving Picture Show, Duck-croft's Hall.

2—Novelty dance, Holborn Hall, U.F.W.A.

15—Box social and dance, Muir Lake Schoolhouse.

The W.L.'s Successful Tea.

Tuesday afternoon April 21 was the occasion of a delightful tea, given at the home of Mrs Wm Robertson, in aid of the W. I.

The tables were tastefully decorated with bouquets of pussy willows. Mrs Robertson served, assisted by McCulla and Mrs Lory. Everyone voted it a pleasant and successful affair, and great credit is due the ladies who managed it so successfully.

Paintlessness

A farmer who read in a local paper, printed in a paintless print shop, that the local "Clean up and Paint-up" campaign, is backed by the town councillors who meet in a paintless town hall, and by business men who own paintless shops, is hardly likely to get excited about the fact that his cows are milked in a paintless barn. Where conditions are reversed and the main street exemplifies the "Save the Surface and Your Skin" slogan the farmer is more apt to go home with paint in the back of his wagon. He has been favorably impressed with the value of paint through "Save the Surface" campaign which has been running in the publications but his favorable impression may either be translated into a sale of killed by town and store appearances.

5000 Facts About Canada.

"5000 Facts About Canada" is famous as a rich storehouse of information about the Dominion. It is the production of Frank Yeigh, the recognized authority on this country as writer and lecturer. The 22d annual edition is out for 1925, and will, as in former years, be welcomed by an appreciative public. Fifty chapters, from Agriculture to Yukon, include a series of striking facts presented in a crisp, terse form that fastens them on the mind. The 1925 issue contains much new matter, including a striking comparative table of our national growth since 1900. The book may be secured at leading dealers, or by sending 35 cents to the Canadian Facts Publishing Co., 588 Huron Street, Toronto. He who would know Canada will find this wonderful little book a treasure to that end.
